

## Generation 3000 One series for:

- ▶ Pressure
- ▶ Temperature
- ▶ Level

\*Available on pressure & temperature models

**BPS3000**  
Pressure Switch

**BTS3000**  
Temperature Switch

**BDS3000**  
Differential Pressure Switch

**BLS3000**  
Level Switch

## Industry 4.0 Ready

### Generation 3000 series products offer:

- ▶ One or two switch points
- ▶ Analog output option, 4-20mA or 0-10V (field selectable)
- ▶ High EMI protection
- ▶ IP65 & IP67 enclosure rating
- ▶ Simple navigation menu
- ▶ IO-Link communication interface option

Reliable

Accurate

Low Maintenance

Intelligent

Remote Calibration

### IO-Link digital communication protocol allows:

- ✔ Plug & play switch replacement, eliminating manual programming time
- ✔ Predictive maintenance, reducing downtime
- ✔ Remote parameter setting, shortening start-up time
